

Love is a gift from God. We sometimes call it charity. Love is caring for someone, wanting to be near them and wanting to share with them. Love is a special feeling that fills my heart. Love means putting myself in someone else's shoes and caring about their feelings. Love accepts people as they are and asks me to treat someone with special care and kindness because they mean a lot to me. It is treating someone the way that I want them to treat me - with care and respect.

I can show Love by:

- ◆ Helping someone without being asked to.
- ◆ Being obedient to my parents.
- ◆ Giving a hug or a gift to someone.
- ◆ Speak to others with a gentle tone.

Dear Lord,
Thank you for giving me the ability to love others and to be loved by others. Help me to always treat others the way I want to be treated—with respect and kindness. Amen.

Love

Our Virtue Lessons Reinforcement Prayer Card

Our Virtue Lessons is a neat program to help children learn about virtues and good moral behaviour from a Christian perspective.

We have always valued fun in learning and fun in independent reinforcement. These reminder cards are the fun reinforcement needed for the OVL lesson packets designed for young and elementary learners approximately K-5.

Supplies:

Printable Reinforcement Prayer Card(s) sheet

Scissors

Glue

Laminant—optional but adds durability and a nice “professional” look and feel to the cards.

**Each child will need a set of their own.

Instructions:

Cut out card on thin solid black line, then fold in half to make a card with a front and backside. Glue sides together and laminate for durability.
